PROFILE

Shopify and WordPress Developer experienced in building and customizing e-commerce stores and responsive websites. Skilled in Shopify Liquid, theme customization, custom cart and bundle functionality, Elementor, and WooCommerce. Focused on creating user-friendly designs, solving technical challenges, and delivering reliable solutions tailored to client needs.

EXPERIENCE

Team Lead & Project Coordinator — Maktech

- *Lead and coordinate Shopify and WordPress project work, helping organize tasks and support delivery across client projects.*
- *Work on store setup, theme customization, responsive layouts, product and collection organization, navigation, and conversion-focused user experiences.*
- *Coordinate project requirements, client feedback, preview reviews, testing, and handoff.*

Shopify & WordPress Developer — Maktech

- *Customize Shopify themes using Liquid, HTML, CSS, and JavaScript; configure product options and implement custom storefront functionality.*
- *Develop and customize WordPress websites using Elementor and WooCommerce, including page layouts, store functionality, and responsive fixes.*
- *Troubleshoot e-commerce issues, including bundle discount calculations, compare-at pricing behavior, and purchase quantity limits.*

SELECTED PROJECTS

Riosense — Custom Product Add-ons | *riosense.com*

- *Implemented custom Liquid functionality for product-specific bundle/add-on experiences within a premium Shopify theme.*

Fitvexa — Bundle Pricing & Purchase Limits | *fitvexa.at*

- *Addressed bundle and checkout price consistency by adjusting the pricing approach and added a maximum purchase limit of 10 items across cart experiences.*

Maisa World — Shopify Store

- *Worked on Shopify store design and implementation tasks, including layout customization and e-commerce presentation.*

WordPress & WooCommerce Client Projects

- *Built and customized WordPress pages and store experiences using Elementor, WooCommerce, responsive styling, and plugin configuration.*
